

Hangars and Terminals

Choose Quality and Service.

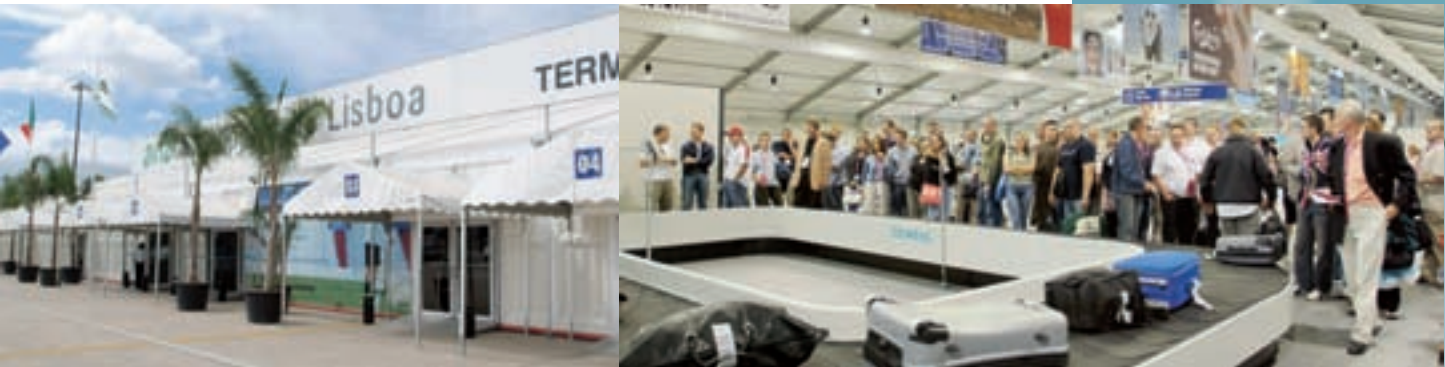

What ever you desire Losberger Group can provide it, with innovative ideas, maximum system flexibility and more than 85 years experience. Our space solutions can adapt exactly to your airport needs. Take advantage of our flexible, expandable systems, our consistent system philosophy will work in your favour. With a modular concept everything is possible, everything is compatible, as well as offering uncompromising quality, reliability and comprehensive service. The Losberger Group has gained a leading position as a manufacturer of mobile halls and hangars, therefore providing the best solutions for efficient and flexible use in the passenger and logistics areas of your airport.

FlexiTerminals® for Passengers

With our FlexiTerminals® you can react quickly and efficiently to any anticipated peaks in passenger or goods traffic, allowing you to add a fully functioning additional terminal in no time at all. Even extreme amounts of cargo requiring large storage space can be managed hassle free. Temporary terminals are available in case of re-development, renovation or rebuilding of existing premises as well as in case of big international events. The Losberger Group product range includes also halls with climate control and dehumidification, ideal for storing and protecting specialty goods, available for long and short term storage. Benefit from quality products and service, choose from branch offices and partners worldwide who will provide optimal advice and excellent after sale support.

and Cargo Logistics.

Flexible, Fast, Affordable – Mo

Are you looking for an inexpensive, durable alternative for conventional space solutions at private airports? Congratulations – with the Losberger Group you have found a partner that can offer tailor made solutions. Our mobile buildings are optimally suited as cost effective hangars, maintenance or repair halls. The greatest advantage for you: These spaces remain flexible, allowing re-location, extension or adjustments. Expect more: Quality products, comprehensive service and competitive prices, contact us! We can advise you.
